## WHAT IS AN ESCAPE ROOM?

Escape Rooms are a fun, team adventure game where players must try to figure out how to escape the themed rooms by finding and utilising objects hidden around them to solve a series of puzzles and riddles before their 60 minutes runs out.

## HOW DOES IT WORK?

After an initial briefing covering the general rules, a short video will introduce the room's storyline and give instructions on how our unique self-guided clue system works. The gamemaster then leads the players blindfolded into their Escape Room.

Once the door closes, the team removes their blindfolds and begins exploring the room, looking for clues and solving puzzles and challenges, as they work towards their escape. The gamemaster will monitor the team and if need be, assist them via the audio system.

## WHAT SETS ROOM EIGHT APART FROM OTHER ESCAPE ROOMS?

Room Eight prides itself on providing teams with the best escape room experience, whether as a beginner or a seasoned pro. Our custom built rooms offer the perfect opportunity for teamwork through analytical thinking and problem solving in a fun, highly engaging environment.

We are the first (& currently only) Escape Room on Sydney's Northern Beaches. Located in the centre of Manly, a stones throw from the ferry terminal, bars, pubs, hotels and restaurants.

## MULTILINGUAL CLUES AVAILABLE

Room Eight Escape Rooms is unique in offering multilingual clues within their self-guided clue system so that non-native English speakers can enjoy the full experience.

Currently we offer French, German, Portuguese, Italian, Spanish and Swedish clues. A basic understanding of English is still required.

## WHAT IF I CAN'T ESCAPE?

Our friendly gamemasters and unique self-guided clue system ensure teams have a great experience!

Each of our bespoke rooms are designed to be challenging, but we include a variety of different types of puzzles, which use different skills and capacities. This means everyone will be able to contribute!

Teams are never actually locked in the room for OHS reasons, and may leave the room if needed.

## HOW MANY PLAYERS PER TEAM?

We can accommodate between 6 - 8 players per room.

"Inspiring, fun, awesome bonding team event!

We had an amazing time with the whole team that day... We laughed a lot and adrenaline & dopamine was rushing through our blood while we unleashed our curiosity, explored hidden hints and solved mysterious questions. We also got to know each other in the team even better. We learned how to use our strengths and weaknesses (in the most efficient way) in a really fun environment. We can't wait to experience the next escape rooms! Thank you for this awesome day!"
